Supports and accessories

Joint plates, brackets, hangers, clamps and fixings to install the complete system.

■ Joint plates and connectors

■ Brackets, hangers and supports

■ Clamps and fixings

Part numbers and finishes

Every CASK Steel part number describes the product. Read the size from the tables, then add the finish code. The ERP builds the same number from the size, so offers, orders and the catalogue always match.

CST-CT004	-	300	-	100	-	1.5	-	HDG
Product base number		Width W mm		Side height H mm		Thickness T mm		Finish see below

Fittings Bends, tees and crosses use the same order. Where more than one radius is offered, R is added after the thickness: CST-CT023-300-100-1.5-R300-HDG.	Other lengths Standard length is 3000 mm. Where a size is also made in another length, it is added before the finish: CST-CT004-100-50-2.0-L2500-HDG.	Earlier numbers Numbers from previous catalogues and offers (for example CST-CT004-007) remain valid and are linked to the new number.

CODE		FINISH	DESCRIPTION	CORROSION RESISTANCE
-HDG		Hot dip galvanized	Zinc coating applied after fabrication, EN ISO 1461. Standard finish; a number without a finish code means HDG.	●●●●● Outdoor, industrial, C4
-PG		Pre-galvanized	Sendzimir galvanized strip, EN 10346 (Z275). Clean, bright finish.	●●●●● Indoor, dry, C1 to C2
-ZM		Zinc-aluminium-magnesium (ZM) alloy coated steel	Zn + 3.5% Al + 3% Mg alloy coating to EN 10346. Up to 3× the corrosion resistance of HDG, self-healing cut edges, longer life.	●●●●● Severe outdoor, coastal, C4 to C5
-EP		HDG + epoxy / polyester powder coat	Hot dip galvanized, then powder coated. RAL colour on request.	●●●●● Coastal, chemical, C5
-SS304		Stainless steel AISI 304	Food, pharma and clean areas; pickled and passivated.	●●●●● Indoor wet areas, C3 to C4
-SS316		Stainless steel AISI 316L	Highest corrosion resistance: offshore, marine and chemical plants.	●●●●● Marine, offshore, C5
-AL		Aluminium	Light weight, non-magnetic. For ladders and selected trays.	●●●●● Indoor and outdoor, C3

How to read the size tables

Each product has one table. Find your **width** in the rows and your **side height** in the columns. The cell shows the sheet thicknesses we make in that size. Put the three values and the finish code after the base number.

A dash means the size is not standard; ask us for made-to-order sizes.
